A Proud Division of
the City of Madison

August 20, 2012

To: Property Owners and Residents along Lakeland Avenue between Hudson Avenue and Miller Avenue

Re: Hudson Park Improvements Construction Project

The City of Madison Parks Division is planning to begin construction at Hudson Park during the week of September 3rd, 2012. The project will involve storing of construction vehicles and materials within the eastbound lane of Lakeland Avenue.

The project will consist of shoreline restoration; removing the existing stone wall and wooden railing; installing terraced stone walls, a kayak/canoe boat launch and landing; and construction of concrete stairs providing access to the shore. Construction is expected to continue for approximately three (3) months and the project is expected to be completed at the end of November.

The City of Madison has awarded the contract to Badgerland Excavating, LLC.

Lakeland Avenue will remain open to one-way traffic travelling westbound between Hudson Avenue and Miller Avenue. Parking will be limited on the northbound side of Lakeland Avenue to allow ingress/egress from the construction site. It is extremely important that residents do not park in front of 2730 Lakeland Avenue to ensure ingress/egress into the construction site.

Driveway Access

Residents can continue to access their driveways for the duration of the construction. Residential driveway access will be maintained, with the exception of times when construction vehicles may be entering or leaving the construction site causing delays in immediate access to driveways. Every effort will be made to minimize the inconvenience to residents.

To request accommodations for special needs or disabilities, please contact Project Manager, Sarah Lerner at 261-4281 or slerner@cityofmadison.com. Landlords, please share this information with your tenants.

Trash Collection

During the upcoming construction project, your refuse and recycling carts will be emptied as scheduled.

Contacts during Construction

The City has assigned Lauri Ziegler-Henderson to be the Inspector of the project. The Inspector's role is to see that the City's standards for construction are met and to help resolve any problems that may arise during construction. If during the project you should have any questions regarding the construction, you can reach Sarah Lerner, the Project Manager for the project at 209-8428.

Please use extra care in the vicinity of the construction.

Sincerely,

Kevin Briski
Parks Superintendent
